

How to Ask?

Asking friends and family can seem like a daunting task. Knowing how to make these asks to your loved ones can improve your overall fundraising significantly.

CALL!! Older donors prefer to be called instead of texted and will be more open to donate! Understand the cause and use that story when reaching out.

Write a Letter! We know this can seem like a waste, but writing people you may not be able to call (old teachers, parent's friends, friend's parent, etc.) are the most effective way to get a donation.

Personalize your FaceBook Fundraiser! Write custom messages and share it often! The more genuine- the more donations you will receive. Show people WHY you support this cause.
